One person is dead and two others are wounded after a 22-year-old woman allegedly shot an 18-year-old man three times while he was in his bedroom in the back of the house in the 19000 block of Rams Head Drive, according to the Los Angeles County Sheriff's Department. The couple that lived there along with several friends were drinking outside of the home at about 2:20 a.m. when the victim, a tall, thin man, walked into the home, the sheriff's department said. The woman let the man into the home before she and the friends went to the home next door, where another party was going on, authorities said. While inside the home, the woman used a handgun in the bedroom to shoot a man three times in the head, according to the sheriff's department. The other two shots were in the man's back, according to authorities. The friend, who was in the home during the incident, used a cellphone to call 911, authorities said. The man was rushed to a hospital in critical condition, but died from his injuries, according to the coroner's office. The identities of the man have not been released pending notification of the next of kin. A motive in the shooting was unclear, but the woman will be interviewed, according to the sheriff's department. Anyone with information was asked to call the Los Angeles County Sheriff's Department at (323) 890-5500. For breaking news in Los Angeles and throughout California, follow @VeronicaRochaLA.
